## BIOLOGICAL WEAPONS CONVENTION NATIONAL CONTACT POINT INFORMATION FORM

The Sixth Review Conference in 2006 decided that each State Party should designate a **national contact point** for:

- Coordinating national implementation of the Convention and communicating with other States Parties and relevant international organizations;
- Preparing the submission of confidence-building measures;
- Facilitating information exchange of universalization efforts.

The Conference requested States Parties to inform the Implementation Support Unit of the details of their national contact point. Please use this form to provide the necessary information and return it by e-mail to [bwc@un.org](mailto:bwc@un.org).

**Note:** you may wish to nominate a specific person by name, or just an office or function (e.g. "Director, WMD Section"), which may be more convenient if staff changes occur regularly.
